***PLEASE SEE BELOW FOR AN UPDATED VERSION OF THE CIC BULLETIN
DATED JULY 8, 2019***

Message from the Executive Director

Summer is underway, and I am excited about the new developments within the CIC. We have successfully moved into our new offices at 1400 I Street NW. We have also added three new team members, which makes our staff complete. We are preparing for inspections at Rivers in July and FCI Hazelton in August. The CIC is also looking forward to our continued work with the leadership at the BOP, DOC, and Hope Village on behalf of the residents of the District of Columbia. We

welcome the community to visit us at our new location. Mark your calendars to attend the CIC open meeting, which will be held at our new office, and please have a safe, enjoyable, and productive summer.

Donald Isaac, Sr.

Upcoming Inspections:

Rivers CI and FCI Hazelton

The CIC will conduct an announced inspection of Rivers Correctional Institution (CI) from July 8-10. Rivers CI is a privately owned facility in Hertford County, North Carolina.

The CIC will also be conducting an inspection of Federal Correctional Institution (FCI) Hazelton in August. The CIC released an inspection report in 2016 after collecting information on facility USP Hazelton from August 2014 through April 2016, with an onsite inspection occurring on August 25, 2014. FCI Hazelton is a high security facility located in Bruceton Mill, West Virginia for female inmates.

If you have any information you would like to share regarding these facilities, please contact the CIC between 9am-5pm Monday through Friday at (202) 478-9211 or via email at ccic@dc.gov.

IRAA Update and Most Recent Hearing

On July 1, the fifteenth person was released under the provisions of the Incarceration Reduction Amendment Act (IRAA). This was the first case where the government has not opposed their motion for re-sentencing. Hopefully, this is a step in a new direction for upcoming cases. Some of the upcoming cases have been pushed back to make sure they have Felony 1 judges to preside. There has been no feedback on IRAA 3.0, which is the Second Look Amendment Act. So far there has been no vote or further action by the DC Council. The CIC will continue to provide information regarding this update.
